NADA KOLAKOVIĆ

Highly motivated and results-driven IT professional with a degree in Business Informatics and a strong foundation in functional ERP support (specialized in MS D365 F&O). Recognized for a proactive approach and exceptional problem-solving skills, with a proven ability to autonomously research solutions, handle critical workloads, and earn the trust of global clients. Adept at bridging the gap between business processes and technical solutions within fast-paced, international environments.

EXPERIENCE

Dynamics D365 F&O Support Engineer

TMF Group

Belgrade, Serbia (April 2024 - current)

- Provide global 2nd-level support for **Microsoft DAX2012 / D365 F&O**, handle user incidents and requests via **BMC Helix** and independently manage peak holiday volumes (**20+** tickets/day).
- Selected by management to co-lead the e-Fiscalization project with **BeTerna**, managing deliverables via **Azure DevOps** work items.
- Act as the primary point of contact for global users, ensuring proactive communication
- Autonomously troubleshoot system issues through independent research, identifying root causes and managing cross-team escalations when required.
- Create and maintain internal manuals to streamline onboarding and global team knowledge sharing.

IT Infrastructure Intern

BOSCH

Belgrade, Serbia (April 2023 - September 2023)

- Supported in **Domain Management** topics and assisted with **SSL** renewals and **DNS** configuration checks, ensuring high system availability and security.
- Analyzed and resolved user infrastructure requests (DNS, CSR checks) using **WinSCP** and **PuTTY**, documenting processes in **Jira** and **Confluence**.

PROJECTS

- Portfolio - **HTML, CSS & JavaScript**
- Database for Web App "BONA tickets" - Team Lead - designed data models and entity-relationship diagrams (ERDs) using **MySQL & MS Visio**.
